

GRAND RUSH FOR TRANSPORTATION

Big Demand for Passes and Reduced Rates in Local Railroad Offices.

NEW LAW EFFECTIVE SOON

NO FREE TICKETS WILL BE ISSUED AFTER NEXT TUESDAY.

An unprecedented rush is being experienced in some of the local railroad offices for free or reduced rate transportation, owing to the fact that the new interstate commerce law, forbidding the issuing of transportation at less than regular rates, will go into effect Aug. 28, according to the interpretation placed on the law by the legal departments of the various roads.

At the Oregon Short Line offices it is stated that there had been no unusual demand for free transportation, or other favors. At the offices of the Salt Lake Route the demand has but slightly increased.

Turned Down by Rio Grande.

But at the offices of the Rio Grande system, the demand has been remarkable. Men and women in every walk of life, who have in the past enjoyed special privileges in the matter of free or cheap railroad trips have besieged the offices with requests for recognition.

The demand has been at least 400 per cent greater during this month than any other month in recent years, according to Colonel I. A. Benton, general agent of the passenger department.

"These requests for recognition have been invariably turned down," for the reason that the counsel for the Rio Grande railroad have interpreted that the law was effective upon its passage. "We want to obey the law and for that reason have been careful not to violate it in any single instance."

Money Is Refused.

"There have been many demands for transportation at reduced rates and I have been compelled to refuse a lot of money that the road might just as well have had as not, if it had not been for this law."

"The new law is so stringent that it will become odious to a great many, if it is properly and vigorously obeyed."

UTAH NECTARINES ARE IN

Fine Fruit and Cheap—Potatoes Are Still Scarce and High, as Also Is Hay.

Utah nectarines, the first of the season, made their appearance on the market yesterday. They are of fine quality and plentiful. The price is \$1.25 per box wholesale or three pounds for 10 cents retail. Cantaloupes were a little scarce with some dealers yesterday, but are selling somewhat cheaper, at four for 25 cents to 15 cents each. There is a good supply of other fruit at the same price.

Utah celery is coming in freely and is selling at 50 cents a dozen wholesale, or two bunches for 15 cents retail. Potatoes continue scarce and the dealers are still asking \$1.25 per bushel. It is confidently expected that the farmers will bring in a supply today and that the price will go back to normal. Some large shipments of California sweet potatoes have arrived in the past few days and are selling at retail for 10 cents a pound.

The hay and grain dealers did not make any change in prices at their meeting. All report light stocks. Owing to the wet weather nothing has been coming in and not much is expected for a few days. In the meantime hay is scarce.

THE UTAH LITHOGRAPHING COMPANY

Have recently added a large new lithograph press to their plant at 45-47 Richards street, also four new and improved machines for their bindery. They have practically doubled their capacity and are in a position to handle all classes of lithographic work and to meet any legitimate competition.

The only lithographing house between Denver and the coast.

Good Record for Limited.

Colonel I. A. Benton, general passenger agent of the Denver & Rio Grande, has been advised that the scenic Limited has broken a record for punctuality during the month of July. Out of thirty-one runs made by the Limited, twenty-seven were on time at the destination. The four days in which the Limited was off schedule, the delays were caused by cars delayed ahead of the train, or from the other causes over which the train crew had no control. It is the purpose to make the Limited go through on time every day in August. Not a train has thus far been off schedule this month.

REFUSES TO PROSECUTE

Assistant City Attorney P. J. Daly Allows Alleged "Bunco" Men to Go Free.

Harry Sullivan and George Thompson, alleged "bunco" men, were arraigned yesterday before Judge C. E. Diehl on the charge of vagrancy. Assistant City Attorney P. J. Daly entered into an agreement with the defendants before court convened that, providing they entered pleas of guilty to the charge, they would be given a chance to leave the city. Accordingly they pleaded guilty and the judge fixed the time for sentence in their cases at 2 o'clock Monday afternoon. They were released on their own recognizance.

Emmett E. Reitzel, whom the defendants "fleece" out of \$35 in cash and a diamond pin valued at \$85, left yesterday for his home in Indiana. Reitzel agreed to stay in Salt Lake and appear against the defendants, whom he identifies as the men who beat him out of his money on the old "ice" game.

City Ticket Office, 201 Main street.

Pure Linseed Oil Paints.

Charles H. Bodel, 33 East First South. Eat your lunch in the Palm garden at the Royal.

ISSUES ORDERS TO COURT

Francis G. Luke Said to Have Written Decision for Justice Durand.

That Francis G. Luke, collection agent, directed Charles P. Durand of Murray in open court what kind of a decision to enter in his docket, is the latest charge to be made in the district court against the notorious Murray tribunal. Christian Nielson yesterday applied to the district court for a writ of mandate to compel Justice Durand to accept a surety on an appeal bond, and in his complaint makes common knowledge as "Luke's J. P."

The plaintiff alleges that July 18 Durand entered a judgment against him and T. G. Schroeder, in favor of Luke Merchants' Protective association, for \$143.44. He filed an undertaking on appeal, but was notified by Durand that the sureties were not sufficient. He accordingly filed another undertaking with G. H. Blackman and C. M. Nielson as sureties. These sureties appeared in court ready to qualify.

Durand, he says, held that Blackman was qualified, but refused to accept Nielson as surety, because the latter was the plaintiff's attorney. The plaintiff alleges that Nielson was his attorney, but not in the action pending, and that he did not come within the statute which prohibits attorneys from acting as sureties for their clients. However, he asked Durand to enter an order showing that, other than being his attorney, Nielson had qualified.

SUES FOR OFFICERS' ACTS.

Charles Gilmor Says They Damaged His Land and Dam.

Charles Gilmor yesterday sued Salt Lake City for \$614 for alleged damages to his land done by a party of city policemen under command of Sergeant John J. Roberts and Detective R. L. Shannon on April 22 last. The complaint says that the party of officers were searching in the Jordan river for a dead man, and that they drove a number of vehicles on to his land, with the result that a considerable quantity of lucerne was trampled down and some young trees injured.

ASKS DAMAGES FOR INJURIES.

James R. Birchfield Demands \$20,000 From Salt Lake Road.

James R. Birchfield yesterday sued the San Pedro, Los Angeles & Salt Lake railroad for \$20,000 damages for alleged personal injuries. Birchfield says that on April 19, 1906, he was employed by the company at Leith, Nev.; that while going to work on a handcar another handcar behind him ran into his car, and that, as a result, one of his legs was broken, and that he sustained serious injuries in one of his feet, hand in the arm and shoulder. He alleges that the accident was due to defective mechanism in his own car, which prevented it from running fast enough to keep out of the way of the car behind him. Birchfield is a carpenter.

Court Notes.

Etta Moody was yesterday granted a divorce from Oliver Moody on the ground of desertion.

Selma Pierson yesterday filed a petition for letters of administration on the estate of Charles E. Pierson, who died Sept. 23, 1905, leaving property worth \$400.

A son of Matthew Holt, who died at South Jordan, May 23, 1901, yesterday petitioned for letters of administration on the estate. The estate consists of \$3,500 worth of stock in the South Jordan Canal company.

William J. Lee, a stenographer, was examined before Judge Armstrong as to his sanity yesterday and discharged. He acts queerly, but the officers think that he is merely suffering from the effects of a long spree.

Phillip Kalton, who claims to have come here from Yellowstone park recently, was adjudged insane in Judge Armstrong's court yesterday. Kalton was picked up by the police. He is a young man, and seems to be mentally confused. He is not violent.

What a New Jersey Editor Says.

M. T. Lynch, Editor of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." F. J. Hill Drug Co., the never substitutes.

HILL ROADS CUT RATE TO IRRIGATION CONGRESS

Boise, Ida., Aug. 24.—It is announced that the Northern Pacific and Great Northern railroads, which are not included in the Western Passenger association, have determined to more than duplicate the rate granted by that association a few weeks ago for the coming session of the National Irrigation Congress, to be held in Boise Sept. 3 to 8. The Western Passenger association, granted a round trip rate of one fare, plus 50 cents, and the two Hill roads now come forward with a round trip rate of straight one fare, from any point in Minnesota, North Dakota, Montana, Idaho or Washington. The low rate on these two lines will accommodate a large number of delegates to the congress from the states mentioned.

AUGUST OUTING EXCURSION NORTH.

Via O. S. L. Greatly reduced rates to northern Utah and Idaho points.

JURY DISAGREED.

Galbraith, Alleged Missouri Lyncher, Likely to Go Free.

Springfield, Mo., Aug. 24.—The jury in the case of Doss Galbraith, the alleged leader of the mob which lynched and burned three negroes here in April last, and who was on trial charged with second degree murder, was discharged by the court today when it reported that its members were unable to agree. The jury had considered the case for more than twenty-four hours. After the jury was discharged its members freely admitted that the vote stood ten for acquittal and two for conviction. Twenty ballots were taken and there was no change after the first ballot. The defense announced that it was ready for a new trial immediately. It is not likely, however, that the state will try the case again. Governor Folk and Attorney General Hadley assisted the prosecution. The attorney general and his assistants taking an active part in the proceedings.

A Great Saturday Special!

INTRODUCTORY SALE OF New Fall Silk Waists

We'll sell you these at a price that will let you put dollars in the bank. Beautiful Taffeta Waists for

\$3.25

Women, here will be the best chance you'll have this season to save money and have just the waist you want, too.

Some Go at 1/2 Price

You will think this a mistake! No store could afford to sell new fall waists at such a reduction, so we couldn't ordinarily, but it's the crowds we're after—not the profits—for we know the crowds are always well satisfied with any of Cohn's Sales—that it will be the making of hundreds of new customers every day and a SATISFIED customer is worth more to us than immediate profits.

The waists come in a great variety of pretty tucked and lace trimmed styles in all street and evening shades. Made with long sleeves for autumn or short sleeves to wear with long gloves. Styles that button in front or back. Style, quality and workmanship above criticism.

One sale Saturday, about 200 waists in all to select from,

Your Choice for \$3.25

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 68 degrees; minimum temperature, 53 degrees; mean temperature, 60 degrees, which is 12 degrees below the normal; accumulated deficiency of temperature since the first of the month, 25 degrees; accumulated deficiency of temperature since Jan. 1, 182 degrees. Total precipitation from 6 p. m. to 6 p. m., trace; accumulated excess of precipitation since the first of the month, 1.78 inches; accumulated excess of precipitation since Jan. 1, 5.76 inches. Relative humidity, 37 at 6 p. m.
